department of administration may proceed with the planning and
design of capital projects prior to the receipt of funds from
other funding sources. The department may use interaccount loans
in accordance with 17-2-107 to pay planning and design costs
incurred before the receipt of funds from other funding sources."

Insert: "NEW SECTION. Section 4. Review by department of
environmental quality. The department of environmental quality

shall review capital projects authorized in [section 1] for potential inclusion in the state building energy conservation program under Title 90, chapter 4, part 6. When a review shows that a capital project will result in energy improvements, the project must be submitted to the energy conservation program for funding consideration. Funding provided under the energy conservation program guidelines must be used to offset or add to the authorized funding for the project, and the amount will be dependent on the annual utility savings resulting from the facility improvement. Agencies must be notified of potential funding after the review."

This amendment would complete the modernization, renovation and repair of the Airport campus facility which has portions dating back to the 1930's. During the last session funding was approved to expand the welding portion of the Airport campus. The planning stage for that project has revealed several deficiencies with the existing structure. This additional funding would address issues in the following areas: electrical power limitations, HVAC and ventilation upgrades, fire and security alarm system upgrades, energy efficiency upgrades, ADA access issues for the second floor classrooms, and safety upgrades for student laboratory facilities.

This amendment provides an appropriation of bond proceeds to purchase the Capital Hill Mall and Bison Engineering Building land and improvements. Three ownerships exist within these boundaries—including Capital Hill Mall Partnership land and improvements, Intermountain Deaconess Home land and Bison Engineering land and improvements. This appropriation is intended to acquire all of the land and improvements in these three ownerships, which amount to approximately 13.5 acres and associated site improvements.

The increase of bond authority and appropriation for this amendment is \$6.5 million.

NOTE: If this amendment is passed, the LRP subcommittee may wish to request that staff coordinate this amendment with the HB046701.agp amendment to make the bill is compiled in the normal manner.
